Additional Student Tasks - Primary:

- **Design and make a Board Game**
Design a board game about endangered animals in Indonesia and the issues surrounding wildlife conservation in Indonesia.
- **Palm Oil – Orangutan**
Research items containing palm oil. On a life sized cut out of an orangutan, paste pictures or actual packets of all the items/products that contain Palm Oil. Design a slogan to discourage people from buying these products. Put your class orangutan on display to raise awareness through your school and wider school community.
- **Australia Post**
Australia Post is looking for a new artist to design a set of six postage stamps featuring Indonesian endangered animals. Design a set of stamps featuring any six Indonesian endangered animals you choose.
A school competition could be organized for the best set of stamps. Brainstorm ideas by using the Australia Post Stamp Shop Website:
